Subject: Agenda for SAC meeting

Hi, folks

Attached is a draft agenda. I'm still trying to cram a couple of other things into place, but there is not much opportunity for much more content so I'm sending you this version. There will be changes as Ben and I finalize things, but I believe the attached version will be pretty close to what we will be doing and therefore worth your time for review and comment.

Michelle and Rob, I have you slotted as discussed. Michelle, you are in the lineup as late as I could make it, but Schmidt will be calling in after an event which will make it necessary to have him dead last, so you are just before him.

Regan, I would normally hope you would be able to speak on several fronts, but I do understand the conflict. What I did as a kind of symbolic placeholder was put in an item (Simon for Murray) to

recognize that you are part of the process as well. I'm confident that Michelle can do justice to the subject in your absence, but I will do my best to avoid this kind of schedule limitation in the future.

I have also followed up with the team, and we'll be planning on a meeting with Regan, Michelle, Rob, Ben and myself (and Mike if possible) as a followup, so we'll have plenty of time to cover anything missed on the 27th/28th.

Please let me know if anyone has any suggestions on how to squeeze more into the time allotted, or anything else. BTW - I expect we'll need to go late on day 1, if that is allowed. Mike, can you comment?

Mike, we will need internet connections and a projector so we can demo the web site as well as use slides. Is that doable?

regards,

Charles
